The Reality of Aid Network

The Reality of Aid Network exists to promote national and international policies that will contribute to new and effective strategies for poverty eradication, built on solidarity and equity.

Established in 1993, the Reality of Aid is a collaborative, not-for-profit initiative, involving non-governmental organizations from North and South.

The Reality of Aid publishes regular, reliable reports on international development cooperation and the extent to which governments, North and South, address the extreme inequalities of income and the structural, social and political injustices that entrench people in poverty.

From 1993 to date, the project has published a series of reports and Reality Checks on aid and development cooperation.

These reports provide a critical analysis of how governments address the issues of poverty - and whether aid and development cooperation policies are put into practice.

The Reality of Aid Project Management Committee is made up of regional representatives of all participating agencies:

Chair	Antonio Tujan Jr, IBON
Vice Chair and OECD (outside Europe):	Brian Tomlinson, Canadian Council for International Cooperation (Canada)
Asia:	Gopal Siwakoti 'Chintan', Nepal Policy Institute
Europe:	Giorgiana Rosa, BOND, UK
Africa:	Moreblessings Chidaushe, AFRODAD
Latin America:	Jorge Balbis, La Asociacion Latinoamericana de Organizaciones de Promocion (ALOP)

Reality of Aid Secretariat: Maria Theresa Nera-Lauron, IBON
